Discover Timeless Beauty with Brand Name

Brand established
*Working from 2017
until now*

Established by
Mr. Shubham Singla

About the company

Shri Shyam Paper SSP was founded in 2017. It is a Pvt Ltd. company by Mr. Shubham Singla and has since expanded to offer a full range of paper cup related products. From design to delivery, we work closely with our clients to meet their specific paper cup requirements. Our vision is to lead as the top global provider of premium paper cup raw materials, offering innovative and eco-friendly solutions to help our customers succeed.

Our skilled workforce and continuous operations ensure that we meet all customer demands for quality, quantity, and on-time deliveries. Quality is our top priority, with a dedicated in-house team of eight experts overseeing IQC and PQC processes. We provide samples of paper cup blanks and designs to clients to address paper variations before printing and cutting. Our commitment to sustainability is evident in our eco-friendly practices in producing high-quality paper cup materials with a focus on durability.

We are the leading manufacturer of paper cup blanks, paper cup ripples, and paper cup bottom reels for various beverages such as tea, water, and juice. Our state-of-the-art Automatic Plant allows us to produce high-quality paper cup raw materials, supplying around 20000 tons to customers across India. With a production capacity of 22000 tons per year, we are known for our efficient and fast delivery of paper cup raw materials. Our disengaged automatic plants for paper cup cutting, paper cup bottom making, and paper cup ripple making ensure top-notch quality in all our products.

Sachet

A sachet is a small bag, envelope, or packet containing a small amount of something, such as powder, liquid, or fragrant material. It can hold single-serving portions of products like sauce or shampoo

Paper plate

Paper plates are made from wood pulp, which is a natural material. However, they're often coated with plastic or wax to make them w resistant. This coating makes them non-recyclable and not compostable.
